To,

The Concerned

We are using the equipments like Data Processor, Milk Analyzer, Ultrasonic Vibrator, Printer, Smartcard based data transfer and UPS at our Milk collection centers as a part of automated milk collection system for 4 and half years.

These equipments are provided by Sri Khamdenu Electronics Ltd, Anand.

The quality of these equipments is good and their performance is found satisfactorily.

The technician is visiting periodically our Milk collection centers and giving the repairing services at the satisfactorily level.

Thanking You,

Yours faithfully

ARKV Prasad  
Deputy Mgr.  
Milk Procurement
